

In Costa Rica it's possible to be a responsible tourist and offset your carbon footprint.

Enjoy nature and help the environment taking a Green Tour.

Your \$10 contribution will go towards planting and caring for one tree, which will fix at least 1 CO² ton*

The funds are administrated through the Corcovado Foundation and the Climate Change Friendly Program, which is endorsed by the National University of Costa Rica and Control Union Certifications.

Join Us and be part of the solution!

*Enough to compensate a 2 week vacation in our country (including local transportation and complete lodging)

simple actions **great contributions**
